For centuries, people have been coming to the shores of the Dead Sea in search of a new life for their skin. Bathing in the revitalizing, mineral-rich waters of this unique salt lake, one emerges with a sense of renewed energy and vitality. The effect seems almost mystical but indeed the rejuvenating effects of the natural ingredients that abound in the region have been clinically proven to revive, awaken and balance the skin.

NATURAL FACIAL MUD MASK

FROM THE DEAD SEA

FACIAL MUD

Aqua Dead Sea SPA's Mud Mask uses a simple formula to gently and effectively revitalize your skin. It boosts cell regeneration by eliminating excess oils, removing dead skin cells, and refining pores. As the mask dries, toxins and impurities that clog the pores are lifted from the surface, leaving your skin fresh, clean, and tightened. Aloe Vera extract has been added to soothe your skin and prevent irritation and dryness. The Dead Sea mud nourishes your skin with essential minerals to give you a healthy, balanced complexion.

Your skin feels fresh, clean and vital.

Directions :

Step 1: Clean your face of all excess oil and bacteria and pat dry.

Step 2: Apply a thick layer of the Aqua Purifying Dead Sea Mud by smoothing the product onto the face. Make sure to cover the entire face and neck. Also, pay close attention to problem areas like the T-zone (forehead, chin and cheeks), which produce the most oil. Leave the mask on your face for approximately 20 to 30 minutes until the mask is dry.

Step 3: Rinse off the mask with warm water and a washcloth.
